Diamond Glow Pre & Post Treatment Instructions

Pre-Treatment Instructions

- Discontinue the use of topical products containing AHAs, retinols, or Vitamin A three days prior to your treatment.
- If your face or treatment area has irritated skin (sunburn, open wounds, sores) the day preceding your appointment, please contact our office to reschedule your appointment. This procedure may not be performed over open lesions or compromised skin.
- Please let your provider know if you are susceptible to cold sores.

What to Expect

- Your provider will assess the current condition of your skin to determine the most beneficial serum and settings for your treatment, which may change from session to session.
- You may feel a slight "scratching" sensation during your treatment, along with a light suction. Most patients enjoy the exfoliating, extracting and infusing process. However, if you are uncomfortable, let your provider know and settings can be adjusted.
- Your provider may apply topical serums, moisturizers or sunscreen following your treatment.

Post Treatment Instructions

- Some patients may experience a mild redness immediately following their Diamond glow treatment. This is temporary and generally resolves within 1-2 days.
- You may apply makeup immediately post treatment
- Avoid use of topical products containing AHAs, Retinols, Vitamin A, for three days post treatment.
- No exfoliating for one week post treatment, as your skin has just received an exfoliation.
- Your skin may feel slightly more sensitive to your skin care products, as the superficial layer of dead skin has just been removed through exfoliation. This is usually very tolerable and requires no special care.
- You could experience a breakout following your Diamond Glow service as the skin is purged from impurities. This will resolve on its own, and often becomes less apparent with regularly scheduled Diamond Glow treatments.
- This flash sale promotion operates under the following terms and conditions. Please read them carefully to ensure your understanding and compliance.
- Availability: During the flash sale, the price for DiamondGlow facial is \$180, and customers can also apply an additional \$30 off through the Alle promotion. Flash sale is subject to change without prior notice. These promotions are offered on a first-come, first-served basis. Limited availability.
- Immediate Purchase: To take advantage of the flash sale offer, immediate purchase is required at the time of booking your appointment.
